

Supporting Children with Mathematical Difficulties

Carolyn Gelenter & Anna Selwyn

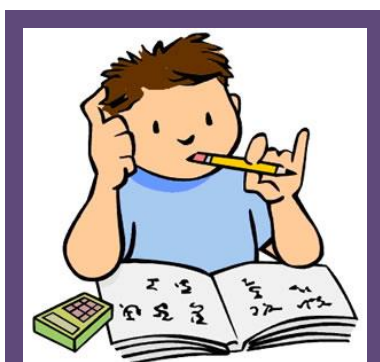

10th November 2017

9.30am - 12.00pm

**Westminster
Special Schools**
Training & Outreach

A provider of specialist training for Tri-borough School communities, other London Boroughs, and nationally, through a range of events and training days.

Access & INCLUSION CENTRE

Queen Elizabeth II Jubilee School, Kennet Road, London, W9 3LG Tel: 020 7641 5825, Fax: 020 7641 5823

Email: training@qe2cp.westminster.sch.uk

During the course of this training we will look at some of the reasons why some pupils find mathematics such a challenge. We will look at ideas from current research and explore how difficulties in other areas such as dyslexia and speech, language and communication difficulties can impact on pupils' mathematical confidence and ability. By the end of the morning we will have shared a variety of strategies that can be used in the classroom to support learning in mathematics.

Cost: Free to Tri Borough Schools and services £40 for all other participants

This course will be held at the Access & Inclusion Centre,
Queen Elizabeth II Jubilee School, Kennet Road, W9 3LG
