Area of SEND: Physical and sensory needs

Brief course description:

The course will provide school staff with the skills to incorporate and embed occupational therapy into everyday activities in the classroom.

This will include movement breaks, fine motor skills, gross motor skills, and sensory strategies.

Learners' outcomes:

This is a hands on practical course in which you will develop and create your own tools and resources to assist all the students in your school.

You will also increase your knowledge of the occupational therapy purpose and process within the school curriculum.
