

College Park School Council

Date: Thursday 11th January 2018

Venue: café

Present: Sue McGrath - Mentor, Taherah - Indigo, Saham (stand in for Juliana) - Green, David - KS3, Luca - Yellow, Ayaan - Year 11, Abdul El - Post 16, Adem El - Primary

AGENDA

Class concerns

David: My class would like to have some more reading books, but new books that are more suited to us, more up to date. We would also like to have some giant beanbags and cushions in the class, especially for when students are not feeling very well. We have a girl in our class who isn't well and she often needs somewhere to rest.

David: Are we going to get the chance to do GCSE exams?

I explained to David that as long as teachers feel that a student is capable of doing an exam then they would be encouraged to do so by all staff but most students are entered for functional skills which includes English, maths and ICT

Saham: We would like more books for reading in class, girl books.

Ayaan: It would be nice to have some proper colouring in books they help to calm people down when they are upset.

David: Could we grow more of our own flowers and vegetables

Ayaan: We would like to have some radio controlled cars so we can have races in the playground. We need lamps for blue rooms for when we need to relax.

Abdul El: We need to have soap in the boys toilets, sometimes there is no soap.

All school council reps: We would like to have more school trips out to art galleries, museums, wall climbing, parks, cinema.

Ayaan: We need a jungle gym out in the playground so we can exercise at playtimes. We would also like a common room for year 11 and post 16.

Thank you for all your contributions.

The next school council meeting will be on

Wednesday 28th February in the café
