Venue: Café

Present: Abdullah - Orange, Alfie - White, Annabel - Gold,  
Benjamin - Yellow, Zakir - Green, Dylan- Blue, Sam - Indigo

Apologies: Red, Silver, Purple, Pink

### AGENDA

#### **Introduction to new school council representatives.**

I explained the role of the school council to all the class representatives. I informed them that it was a very special role to have in school and with that role comes certain expectations and responsibility. We talked about the rules of debate and discussion, the need to respect the concerns that other representatives bring to the meetings.

As a school council representative they are expected to be ambassadors of good behaviour.

All students were given a book so that they can write or ask an adult to write their thoughts or ideas to discuss at school council meetings. All school council reps also receive a school council badge.

We talked about the next whole school awareness topic coming up on 15<sup>th</sup> November, Anti Bullying Week. All students were able to recognise what bullying was.

All representatives will talk with their class about what they will contribute to anti bullying week. I will also be visiting classes the week beginning 7<sup>th</sup> November to see what they have decided to do. This will be brought together with a Friday virtual assembly.

We had one question from gold class.

**Annabel:** Can 16 year olds be allowed to wear their own clothes to school? There are two boys in my class that are already asking Simon about this.

I said that the decision is down to Claire and Simon but I'm sure there will be a positive solution as we like to encourage our student to be more independent and grown up.

Thank you for all your contributions to the meeting.

Our next school council meeting will be on Thursday 30<sup>th</sup>  
November 2021 at 11.00 am in the café area
