Early Years PVI Autism Training

Outline

This course is split over 2 afternoons (7th and 21st March 2022). It is aimed at staff working in PVI Early Years sector in RBKC and Westminster. This course would benefit staff who would like to develop their knowledge about autism and begin to build up a toolkit of strategies and resources to support children with a diagnosis of autism in an early years setting.

Description

During the session you will have a chance to work interactively, using online applications and also in small groups, to further enhance each others knowledge of autism and best practice. We will explore the Triad of Impairments, sensory sensitivities, visual resources, communication, and behaviour.
The course aims to provide you with:

To have a basic understanding of autism?

To consider some of the features of autism and how autism may affect behaviour, social communication and learning?

To begin to build up a 'toolkit' of strategies and resources to support your students with autism in an early years setting

To understand typical development of communication/ how we communicate?

To understand how communication is affected in someone with autism and how this impacts on behaviour?

To have some strategies to take away today to use with a person with autism?

Understand the 'Golden Rules' for supporting behaviour
