Class information

This term, Green Class is learning about plants and gardens, we will be looking at different things that grow, and what they need to grow. Green class will learn through exploration, sensory play activities, games, songs and videos and other class activities. Additionally, we will continue learning about life skills and the community through various class trips, to the park, shops, the zoo and cultural spaces like the Royal Albert's Hall. We will continue completing tasks in the life skills flat to support their independence at home, this includes learning how to make their own snacks, making the bed and packing away cloths as well as doing lessons on careers.

Home school communication

An important part of school is the communication between families and school. Each child has a home/school book which school staff will write in everyday, providing families with information about their day.

We would appreciate any feedback from families about their child's weekend, evening or anything important you would like to share with us.

Safeguarding

Safeguarding is extremely important to us at College Park School. If you have any concerns please raise them with your class teacher and/or one of the designated safeguarding leads (DSL's)
