SEND Training - The Bi-Borough Inclusion Service

Vision Impairment awareness morning

Outline

Strategies for working with children and young people with vision impairments while preparing them for later life as independent learners where possible.

Description

This course will cover:

Curriculum access for children and young people with vision impairments, including:

- Common eye conditions, including processing issues
- Teaching strategies
- Impact on mobility
- Modification of resources
- Technology
- Promoting independence
- Exam access arrangements
- Opportunities to explore case studies
- Children speakers and video

Outcome

Raised awareness of the issues experienced by a child / young person with vision impairment within education.
