### Class information

Welcome to Penguin Class!

Penguin class have settled in incredibly well. This term we will be focusing on Animals. The Literacy story is *"This zoo is not for you"* and we are exploring different animals.

In Maths, we are looking at numbers, counting sequencing and measurements. In RSE and PSHE, we are learning about healthy eating, brushing teeth and personal care.

In Science, we are learning about rocks followed by the Space throughout messy play activities and sensory exploration tasks.

We aim for our students to be independent, so we are actively encouraged them to check their day-to-day schedules and to use their communication aids during these lessons and throughout the day.

### Home school communication

An important part of school is the communication between families and school. Each child has a home/school book which school staff will write in everyday, providing families with information about their day.

We would appreciate any feedback from families about their child's weekend, evening or anything important you would like to share with us.

### Safeguarding

Safeguarding is extremely important to us at College Park School.

If you have any concerns please raise them with your class teacher and/or one of the designated safeguarding leads (DSL).

-Ricardo Clarke- Designated Safeguarding Lead

- Claire Shepherd, Tatjana Zeljic, Simon Bennett, Paul Morrow- Deputy Designated Safeguarding Leads

### Use of visuals

All staff work closely with the speech and language team to ensure our pupils are adequately supported with visual supports, to ensure they have the right communication tools to support their day. These are personalised for each pupil.

We use visuals in the classroom to support with the structure of the day, visuals on lanyards, supporting with transitions around school, in lessons and social stories.

If you would like any support with visuals at home, please let the class teacher know.
