

BI-BOROUGH INCLUSION SERVICE

2023-24 SPRING TERM PARENTAL TRAINING OFFER

About us

The Bi borough Inclusion Service is an organisation which delivers specialist support to pupils with SEND, their families and schools / settings. We are an aspirational learning community and we embrace and respect the diversity and uniqueness of inner/central London.

Our mission

We are committed to transforming the lives of children and young people with SEND through the delivery of innovative, specialist, evidence-based support, high-quality training and celebrating neurodiversity.

Our vision

We are ambitious for our children and young people with SEND. We want them to experience an education system which is welcoming and inclusive whatever their needs. We want them to experience joy and achieve success in their early years, at school and in further education so that they feel valued and supported and can lead happy and fulfilled lives. We thrive to deliver high quality, evidence-based, innovative and creative support, inspiring all who work and learn with us to aspire to excellence.

Our values

- **Positivity** - We provide a welcoming and supportive environment where differences are celebrated and prejudice and inequality are challenged.
- **Integrity** - We act with honesty and transparency and put children and young people at the centre of all our actions.
- **Openness** - We foster the culture of open discussions and value reflective practice. We listen to and learn from the children and young people and families.
- **Respect** - Everyone is a valued and unique person, treated with dignity and kindness and encouraged to become empowered as confident, independent members of our community and beyond.
- **Ambition** - We are aspirational in our expectations of others and ourselves.
- **Resilience** - We demonstrate perseverance and positivity. The courage of convictions determines our choices, enables us take risks, learn from our mistakes and overcome challenges.
- **Collaboration** - We collaborate effectively with the Local Authority, schools / settings and partner services to seek the very best outcomes for all our pupils and families.
