Westminster Special Schools
& Bi-Borough Inclusion Service**

Admissions Policy and Protocol

Reviewed by: Pupils and Learning Committee: November 2023

Ratified by Full Governing Board: December 2023

Next review: November 2024

Introduction

The Federation of Westminster Special Schools caters for a wide range of special educational needs within two schools, Queen Elizabeth II Jubilee School and College Park School. Both schools cater for children and young people between the ages of 4 and 19 years.

Queen Elizabeth II Jubilee School caters for children and young people (CYP) between the ages of 4 and 19 years who have severe or profound and multiple learning difficulties, where the majority of children and young people are not engaged in subject specific learning.

All children and young people are operating below age related expectations in all aspects of their education. There is a very small minority who function at a higher level within certain subjects.

College Park School caters for children and young people (CYP) between the ages of 4 and 19 years who have autism and complex learning difficulties within the severe range. College Park is currently in two sites and will be expanding to three during 2024

- Bayswater – ages 7-19
- Hallfield “satellite” at Hallfield Primary School – ages 4-7
- Pimlico “satellite” – Ages 4-11 (opening during 2024)
-

Detailed information on the admissions procedures and protocols for each school is provided below, as follows:

- Appendix 1: Queen Elizabeth II Jubilee School
- Appendix 2: College Park School.

This policy will be reviewed annually or more frequently where changes in legislation require this.

APPENDIX 1

Introduction

Queen Elizabeth II Jubilee School (QEII School) is part of the Federation of Westminster Special Schools. It is an all-age (4 - 19) community special school for ~~pupils~~ children & young people (CYP) with severe or profound and multiple learning difficulties. This is defined as CYP who present with some or all of the characteristics outlined below:

- Severe or complex profound and multiple learning difficulties where the majority of children and young people are not engaged in subject specific learning;
- highly complex medical needs possibly including some CYP with life-limiting conditions; and/or a range of severe physical disabilities; and/or complex mental health needs and severe/complex learning difficulties.
- severe speech and language disorders resulting in very limited or no verbal communication;
- high level of anxiety associated with their learning difficulties which may result in a range of challenging behaviour;
- highly complex sensory processing and sensory integration needs.

Further details on entry criteria are available in the school's SEND Information Report.

1. Designated capacity

The current agreed roll of the school is 85 and CYP are placed into classes with reference to their learning strengths and needs and, in certain circumstances, appropriate to their physical and medical needs. Classes typically range in size from 8 to 10 CYP with upper KS4 and Post-16 learners working in more flexible groups as part of their Preparation for Adulthood. Staffing and resources are allocated to individual classes according to the severity and complexity of the learning, medical, care and behavioural needs evident within the class group.

2. Admissions criteria

The admissions procedures for special schools do not conform to the same enrolment and admission procedures applicable to mainstream schools.

Westminster City Council (LA), or the CYP's home authority where this is not Westminster, acts as the Admissions Authority, in consultation with the Federation Governing Board. The CYP's home authority has the responsibility to request a placement for a CYP, according to procedures detailed in the SEND Code of Practice (Department for Education, 2015). All placements at the school are offered according to the criteria set out in the school's SEND Information Report and in Westminster's Local Offer.

The following statutory guidance should be noted in consideration of admissions practice at QEII School:

- CYP admitted to QEII School will have an Education Health and Care Plan (EHCP). QEII School will be named in the EHCP ideally with the support of the parents / carers and the home authority where the CYP lives.
- The Children and Families Act 2014 places a duty on schools to make arrangements for children and young people with medical conditions. Where a CYP has severe medical needs, the school will work with parents and health care professionals to ensure their needs are met, through a health care plan linked to their EHCP.
- CYP will only be admitted into QEII when a vacancy occurs (unless exceptional circumstances apply). The number of vacancies will be dependent on the number of CYP leaving the school. New CYP can be admitted into any of the class groups, providing there is an appropriate peer group and capacity is available in the relevant class and/or year group.
- CYP can be admitted into QEII at any time of the academic year. However, most admissions will take place in September.

The Federation Governing Board has currently delegated responsibility for responding to the referral from the CYP's home authority to the Headteacher with the following recommendations:

- The placement is appropriate to the CYP's age, ability and special educational needs
- It is compatible with the efficient education of other CYP in the school
- It is an efficient use of available resources.

3. Admission process

The formal admissions procedure will adhere to agreed protocols and guidelines as follows:

- The Bi-borough's SEN Casework and Commissioning Team, on behalf of Westminster Local Authority (LA), will consult with QEII and, as part of the consultation, send a copy of the proposed EHCP to QEII, together with supporting advice. Where the CYP's home LA is not Westminster, that LA will consult the Bi-borough's SEN Casework and Commissioning Team and the school.
- The Headteacher will make a preliminary decision on the basis of the information received and in light of the Governing Board recommendations.
- The Headteacher or other member of the school's senior leadership team will contact the existing provision to observe the CYP in their current setting, wherever possible.
- The Headteacher will respond to the Bi-borough's Casework and Commissioning Team regarding the proposed placement of the CYP advising whether or not a place could be offered and give the reasons for their response.

- The final decision as to whether to name the school is the responsibility of the CYP's home authority.
- When a placement at QEII is agreed, the home LA will inform the CYP's family. The school will then contact the family to arrange a formal visit and to discuss transition arrangements.
- In the event that the Headteacher concludes that the proposed placement is inappropriate, the home LA will be informed and reasons given. The LA may wish to challenge the Headteacher's decision. In this situation:
 - The Headteacher will consult with the Federation's Executive Headteacher, who will decide whether or not to seek further advice.
 - The Executive Headteacher may decide that admission will only be offered on a fixed-term assessment placement. This will be followed by a multi-agency review meeting to consider the suitability of the placement.

Introduction

College Park School is part of the Federation of Westminster Special Schools. It is an all-age (4 - 19) community special school for Children & Young People (CYP) with autism and complex learning needs within the severe range. This is defined as CYP with autism who also present with:

- an uneven developmental profile where autism contributes to preventing them from achieving their academic potential
- complex learning difficulties and typically functioning at or just below the 1st centile
- sensory processing difficulties that may cause high anxiety levels
- expressive and receptive language delay
- significant difficulties understanding social communication and in expressing needs opinions and wishes in a social setting
- high levels of anxiety expressed through passivity, challenging, obsessive or repetitive behaviour.

Further details on entry criteria are available in the school's SEND Information Report.

1. Designated capacity

The current agreed roll of the school is 132 CYP, this includes CYP at College Park , Hallfield "satellite" provision and the future Pimlico "satellite" site. CYP are placed into classes according to their chronological age or, in certain circumstances, appropriate to their cognitive and developmental level. Classes currently range in size from 7 to 10 CYP. Staffing and resources are allocated to individual classes according to the severity and complexity of the learning and behavioural needs evident within the class group.

College Park @ Hallfield and College Park Pimlico

Pupils admitted to College Park@Hallfield and College Park Pimlico will meet College Park admission criteria. The headteacher will decide, when CYP are admitted, which site they will attend and will take into account geographical location. Through continued evaluation and discussion, a decision may be made to move a CYP from the satellite to the main College Park School site, or vice versa in order to best meet pupil need.

CYP at College Park@Hallfield are at Early Years and Foundation Stage (EYFS) and Key Stage 1 and will move to main site after year 2.

The satellites are an extension of College Park and will be lead and managed by College Park staff.

2. Admissions criteria

The admissions procedures for special schools do not conform to the same enrolment and admission procedures applicable to mainstream schools.

Westminster Local Authority (LA), or the pupil's home authority where this is not Westminster, acts as the Admissions Authority, in consultation with the school's Governing Board. The CYP's home authority has the responsibility to request a placement according to procedures detailed in the SEND Code of Practice (Department for Education, 2015). All placements at the school are offered according to the criteria set out in the school's SEND Information Report and in Westminster's Local Offer.

The following statutory guidance should be noted in consideration of admissions practice at College Park School:

- CYP admitted to College Park will have an Education Health and Care Plan (EHCP). College Park School will be named in the EHCP, ideally with the support of the parents / carers and the LA where the CYP lives.
- CYP admitted to College Park will have a formal diagnosis of autism or autistic spectrum disorder (ASD).
- CYP will only be admitted into College Park when a vacancy occurs, unless exceptional circumstances apply. The number of vacancies will be dependent on the number of CYP leaving the school. New CYP can be admitted into any of the class groups, providing that capacity is available in the appropriate class / year group.
- CYP can be admitted into College Park at any time of the academic year. However, most admissions will take place in September.

The Federation Governing Board has currently delegated responsibility for responding to the referral from the CYP's home authority to the Headteacher with the following recommendations:

- The placement is appropriate to the CYP's age, ability and special educational needs
- It is compatible with the efficient education of other CYPs in the school
- It is an efficient use of available resources.

3. Admission process

The formal admissions procedure will adhere to agreed protocols and guidelines as follows:

- The Bi-borough's SEN Casework and Commissioning Team, on behalf of Westminster LA, will consult with College Park and, as part of the consultation, send a copy of the proposed EHCP to College Park, together with supporting advice. Where the CYP's home LA is not Westminster, that LA will refer the consultation to the Bi-borough's SEN Casework and Commissioning Team and the school.
- The Headteacher will consider the referral on the basis of the information received from the LA and in light of the Governing Board recommendation, as detailed above.
- The Headteacher or other member of the school's senior leadership team will contact the existing provision to observe the CYP in their current setting, or invite them to visit the school, wherever possible.
- The Headteacher will respond to the Bi-borough's Casework and Commissioning Team regarding the proposed placement of the CYP and give the reasons for their response.

- The final decision as to whether to name the school is the responsibility of the CYP's home authority.
- When a placement at College Park is agreed, the home authority will inform the CYP's family. The school will then contact the family to arrange a formal visit and to discuss transition arrangements.
- In the event that the Headteacher concludes that the proposed placement is inappropriate, the CYP's home authority may wish to challenge the Headteacher's decision. In this situation:
 - The Headteacher will consult with the Federation's Executive Headteacher, who will decide whether or not to seek further advice
 - The Executive Headteacher may decide that admission will only be offered on a fixed-term assessment placement. This will be followed by a multi-agency review meeting to consider the suitability of the placement.
