Introduction to SCERTS

Outline

Presented by HoS Anna Selwyn and ASD Advisory Teacher Lucy Munn

This course is designed to introduce professionals to the SCERTS framework and to recognise how it can be applied to enhance active engagement in neurodivergent learners. It will also help participants mentor others in a manner that enhances engagement of team members. It will enhance your skills in tailoring learning environments to a learner's development stage.

Description

During the session you will have a chance to explore:

- overview of SCERTS
- key developmental stages- determining communication stage
- frequently used goals and transactional support
- appreciative inquiry
- how to introduce SCERTS in my school / setting

Outcome

At the end of the course you will be able to:

- understand the principles of SCERTS (an evidence-based framework that provides guidelines for helping an individual become a competent social communicator and an active learner)
- identify key communication stages
- Identifying priorities by developmental stage
- use appreciative inquiry to support others in a manner that enhances engagement
