## Class Information

### WHAT ARE WE DOING THIS TERM?

We are thrilled to share the exciting learning experiences we will have this summer term! In English, we look at the sensory stories Paddington and London Sounds. In Food Tech, we will continue to explore healthy food options, helping the children understand the importance of nutrition while developing their cooking skills.

In Math, we will focus on real-world contexts, learning how to estimate distance, time, and quantity. This will help them apply mathematical concepts to everyday situations.

We will also dive into the world of art we the summer festival, specifically exploring the the work of Yinka Shonibare, specifically, The Cheeky Little Astronomer. Through this, children will learn about cultural themes and use their creativity to produce their own artwork.

Finally, in topic lessons, we will explore the fascinating history and landmarks of London, while also learning about the vital roles that community helpers such as firefighters and police officers play in keeping us safe. This term promises to be filled with learning, creativity, and hands-on experiences.

## WLIAF Festival Details

### WEST LONDON INCLUSIVE ARTS FESTIVAL

We are excited to lead our next West London Inclusive Arts Festival in May. **The Royal Albert Hall** will be hosting our live performances this year and we are thrilled to be given access to this world- famous venue. Proudly supported by the John Lyon's Charity.
