

COLLEGE PARK SCHOOL

OWL CLASS NEWSLETTER

APRIL 2026

Class information

What are we doing this term?

This term, our topic will be Plants and Gardens, where pupils will explore the natural world and develop their understanding of how plants grow, change, and support different living things. They will learn about different types of plants, what they need to survive, and how they are used in our everyday lives. This topic will link across subjects such as science, geography, and communication, while encouraging curiosity and engagement with the world around them.

Class Trips

As part of this topic, we will be taking part in weekly community walks every Thursday to Hyde Park, where pupils will observe plants in their natural environment and explore seasonal changes. We will also be visiting the Natural History Museum to learn more about how different environments and animals have adapted over time, supporting their understanding of the wider natural world. In addition, we will be visiting London Zoo to explore a range of animals and how they live in different habitats.

WLIAF Festival Details

West London Inclusive Arts Festival

We are excited to lead our next West London Inclusive Arts Festival in May. The Royal Albert Hall will be hosting our live performances this year and we are thrilled to be given access to this world-famous venue.

Proudly supported by  JOHN LYON'S CHARITY
