Class information

What are we doing this term?

I am excited to be leading the class this term and continuing to support the pupils, who I know well, in their learning and development.

We will begin the term with the engaging story James and the Giant Peach, using it to explore characters, settings and key events, while developing communication skills in meaningful and creative ways.

A key focus this term will be on supporting pupils' emotional regulation and building independence through everyday life skills, helping them to feel confident and secure in their routines. Our topic, Plants and Gardens, will provide lots of hands-on learning opportunities, including regular visits to the school garden where pupils can explore, discover and connect their learning to the world around them.

We will also continue to access a range of practical and engaging activities to develop functional skills throughout the week.

I am looking forward to a positive and enriching term ahead.

Class Trips

Our trips this term will include regular visits to the school garden, where pupils will explore plants and experience learning in a real-life context.
